Catalogue(11), Sep 2012, v.1

We're Asia-Pacific wide

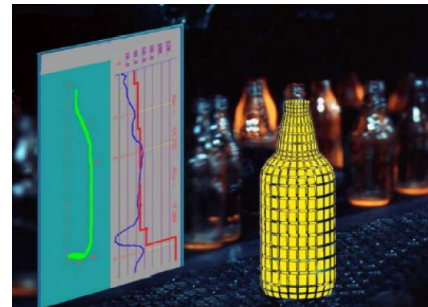

We operate in Malaysia, Indonesia, Singapore and Australia. We primarily work with small-medium enterprises in mid-size markets.

Catalogue(11), Sep 2012, v.1 *pl*

OUR TEAM

Availability of wide range of glass products from our own designs and those of our partnering plant. (ACI/OI background) provides design concepts and product specifications to enhance packaging designs. We design and develop new glass products and moulds.

Understand your product and the appropriate packaging to help you add value to your products and profitability.

Understand your technical and quality requirement, work with partnering plants to ensure the glass packaging product meets to your requirement.

Implement strict Process Control and Quality Assurance systems to ensure quality products supplied, conform to the product specification.

Organizing prompt deliveries to your requirement, a relief from time spent on tracking suppliers and deliveries.

OUR VALUE

Low Entry Cost: e.g. mould cost US\$15k, minimum qty per order of 200,000 - 300,000 pcs.

Wide Range: from 10ml to 2 Litre, pharmaceuticals, food, beverage, wine, decorated and printed ware.

Flexibility: our existing and partnering plant in multiple manufacturing location.

Stability: multi-location manufacturing and dedicated production lines.

Consistent Quality: achievable standards and implement best practice procedures.

Improvement: in yield, efficiency, ultimately productivity .

Lightweight technology. Reduction in bottle weight results reduced trucking load hence distribution cost reduced by 5%.

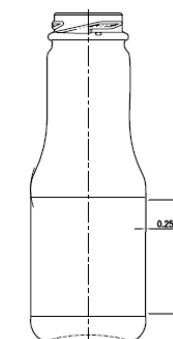

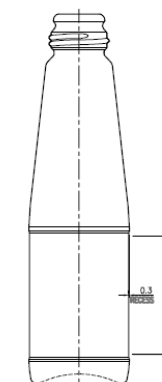

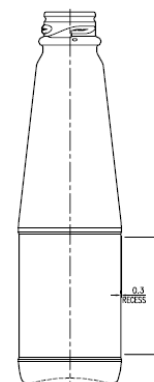

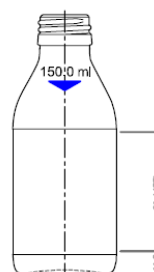

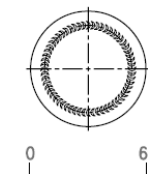

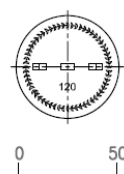

We aim at developing a wide assistance network to offer a quick and qualified service in order to build customer satisfaction and loyalty.
